WINCHESTER REGIONAL AIRPORT (KOKV) RUNWAY CONSTRUCTION PROJECT

RUNWAY OPENING FRIDAY DECEMBER 16TH AT 0800 HRS

*******URGENT – CRITICAL UPDATE*******

*******DUE TO WEATHER DELAYS - RUNWAY 14/32 – IS SCHEDULED**

TO OPEN

0800 HRS ON FRIDAY, DECEMBER 16TH*****

PLEASE CONTINUE TO CHECK ALL NOTAMS BEFORE FLYING OUT
OF OR INTO WINCHESTER REGIONAL AIRPORT FOR ANY
RESTRICTIONS/LIMITATIONS

Due to weather delays beyond our control the runway opening had been delayed until
0800 hours on Friday, December 16, 2011.

We apologize for any inconvenience and short notice however after a meeting with the contractor, engineers and the FAA today the work remaining to open the runway including lighting, cannot be completed any earlier.

ATTENTION – The ILS and PAPI lights will remain out of service until the FAA does a flight check and has recertified them. Scheduling is underway however with the upcoming holidays there is a possibility that it will not be flight checked until the first of the new year. All other approaches WILL BE available for use when we open along with the runway/taxiway lighting for night operations.

NOTICE – The contractor has to groove the runway and paint the permanent runway markings which will not take place until weather conditions are conducive to those operations be completed. In late winter/early spring the runway will be closed for two days in order to complete those two items which we will try to schedule on a Saturday and Sunday to minimize impact to airport users.

If you have any questions or need additional information, please feel free to contact our office (540) 662-5786 or by email: okvmanuel@comcast.net

Again, thank you for your cooperation and support. Serena (Renny) Manuel, Executive Director
