

Have you ever considered enhancing your student's learning experience by integrating aviation into your teaching?

Have you had a great idea for a lesson plan or other class activity with an aviation-related theme that you felt would benefit your students but couldn't implement due to lack of funding?

The Virginia Department of Aviation's Teachers Grant Program may be able to assist you!

Guidelines:

1. A maximum of one grant per individual teacher and/or school per school year is allowed.
2. The total amount requested for each grant **must not be more than \$500.00**. **There is a cap on total grant funding for each school year.** Eligible grant applications will be funded until this cap has been reached.
3. Funds must be used before the end of the school year in which they are approved.
4. The requirements listed must be met in order to apply and, once selected, to be reimbursed.
