Brief Description:

Course acceptance number C-IND-IM-190204-K-016-002.

The safety of any flight begins with a properly maintained aircraft. At this seminar, we will learn the many aspects that figure into providing a properly maintained aircraft.

Registration starts at 0730; the seminar runs from 0800 to 1700.

For more information or to RSVP contact Jeff Taylor at jeff.taylor@doav.virginia.gov

Also register on FAA Safety.gov to receive credit for AMT Awards.

Select Number:

EA21134236

Location of Seminar:

Virginia Department of Aviation
5702 Gulfstream Road
Richmond, VA 23250

Directions to Venue:

This seminar will be held at the Virginia Department of Aviation's aircraft hangar. The hangar is located across from the Richmond Airport's FAA Air Traffic Control Tower, on Gulfstream Road. If you are traveling on I-64 either east or west bound, take the Route 156 South exit, "Airport Drive". Follow Airport Drive past Route 60, Williamsburg Road, and take the second left onto Clarkson Road. From destinations South of the Richmond airport, I-895 and Route 156, turn right on Clarkson Road. Follow Clarkson Road to the stop sign and take a left on Gulfstream Road. You will see the Air Traffic Tower on your left and the Virginia Department of Aviation's buildings on your right (5702 Gulfstream Road). Enter the building named "Passenger Terminal"; the hangar is attached to the back of this building.
