## 2. Statutory Status & Basis

This aircraft meets the legal definition of an abandoned or derelict aircraft because it has (check all that apply):

- ☐ Remained in an idle state on airport premises for 90 consecutive calendar days or more without prior authorization.
- ☐ Been placed or disposed of on airport premises in a wrecked, inoperative, or partially dismantled condition.
- ☐ Lacked a current, valid certificate of airworthiness or remained un-flyable for 90 consecutive calendar days or more.

## 3. Required Action & Consequences

**DO NOT REMOVE THIS NOTICE.** Removal or tampering with this notice without written authorization from the airport operator is prohibited.

The owner or any party with a legal or equitable interest must contact airport management immediately to arrange for payment of all accrued charges, removal, or legal operation of the aircraft.

If this aircraft is not claimed and removed, or brought into compliance, within 90 days of the date of this notice, the airport operator intends to proceed with statutory disposal options under **Virginia Code § 5.1-2.25**. This aircraft is subject to a lien for all accrued fees and charges for the use of the airport and for the transportation, storage, and removal of the aircraft. Disposal actions may include retention, trade, public auction, or transfer to a salvage/refuse removal service.
